A dedicated and enthusiastic undergraduate student majoring in Informatics Engineering with a strong interest in pursuing a career as a Web Developer, Cloud Computing specialist and Front End. Looking for an internship or entry-level position to apply my knowledge and skills in both web development and Cloud Computing. I am eager to contribute to the creation of dynamic and user-friendly websites while expanding my expertise in web technologies and cloud-based solutions. Passionate about leveraging cloud platforms to enhance web applications, improve scalability, and optimize performance.
